HDT Electrical Tester 3020

Features:

- AC Voltage Measurement 120/240/277/480 V
- DC Voltage Measurement 160/330/380/600 V
- Bright neon AC/DC display
- Rugged, ergonomically formed housing for perfect handling
- Snap-in leads are spaced to fit a standard outlet for easy, single hand testing
- Pocket clip for easy carrying
- Integral probe storage
- Designed according EN 61010
- CSA approved

Technical Data:

Display	4 Neons light bulb for voltage indication
Frequency Range	DC, AC 0...65 Hz
Test Current	< 3.5 mA
Response Time	< 0.3 s
Humidity	Max. 80% rel. H.
Measurement Cat.	CAT III / 600 V
Pollution Degree	2
Safety	EN 61010
Dimension	approx. 150 x 32 x 26 mm
Weight	approx. 50 g

Scope of supply:

- 1 pc HDT Electrical Tester 3020
- 1 pc Instruction Manual
- 1 pc Clamshell Packaging
